Khrush Renews Demand for 'Spy' Apology

Takes Stand Again After U.S. Backs Colonial Resolution

UNITED NATIONS, N.Y. (AP)—Soviet Premier Khrushchev today denounced U.S. spy plane flights as actually a step beyond the brink of war. He demanded a U.S. apology before the General Assembly.

Khrushchev's demand came immediately after the General Assembly set the stage for a full debate on colonialism by accepting unanimously a Soviet resolution on freeing all colonial areas. It was certain however, that this meant countries under Soviet domination also would be discussed.

Khrushchev, demanding an apology for incidents like the U2 spy plane flight of last May, said if the U.S. government "will not wish to show good will and will not condemn the practice of sending its spy planes to the Soviet Union and other countries, the United Nations should in all strictness condemn such aggressive actions on the part of one of the biggest powers against other countries."

Such acts, he said, could have the "most grave consequences for world peace."

"Such a policy of the U.S.A., said Khrushchev, "should be condemned and stopped so that such provocative incidents would not lead the world to the brink of war. The American aggressive flights are actually a step beyond this brink."

Khrushchev spoke calmly, from a prepared text.

His address came after the assembly swiftly disposed of his proposal for discussion of immediate freedom for colonial and dependent areas, adopting it by acclamation after the United States supported it.

Unveiling U.S. strategy, Delegate Francis O. Wilcox suddenly announced the U.S. support, taking some of the steam from the Soviet proposition.

Soviet Premier Khrushchev immediately took the floor to say he welcomed the U.S. decision, but he promptly accused the Americans of plotting to "wiggle out" of any definite result on the issue.

The U.S. move obviously deprived the Soviet resolution of much of its propaganda steam, by arraying Americans with New African and other underdeveloped countries against the idea of colonialism.

Wilcox announced the stand after one of the Soviet Union's closest supporters in Africa, the president of Guinea, chided the Communists for their demonstrations Wednesday night which broke up a U.N. discussion of colonialism in wild disorder. Khrushchev had banged a desk with his shoe and had referred to a fellow delegate as a "jerk" and "stooze."

Khrushchev, whose shoe-waving demonstration played a large part in the Wednesday night turmoil, joined in applause for the American announcement.

90 Lunch Counters Opened to Negroes

WASHINGTON (AP) — Atty. Gen. William P. Rogers said today that Justice Department mediation had opened chain store lunch counters to Negroes in 90 Southern and border state cities since June 1.

Rogers issued a 3,000-word review of Republican administration civil rights actions in a report ranged from proposed legislation through litigation to the mediation method.

Bears on Picnic? Police Doubt It

LANCASTER, Ohio (AP)—Columbus Day also may have been — as the song goes — "The day the teddy bears have their picnic." But police doubt it.

Officers said one thing is clear. For some reason, 44 teddy bears have vanished from a concession stand at the Fairfield County Fair. Deputies are trying to track them down.

Candidates Eye TV Debate Tonight

By THE ASSOCIATED PRESS Vice President Richard M. Nixon and Sen. John F. Kennedy clash again tonight — a continent apart — in their third television radio debate on presidential campaign issues.

The split-screen, hour-long transcontinental show, starting at 6:30 P. M. (Eastern Standard Time) will find the GOP standard bearer, Nixon, in an American Broadcasting Co. Hollywood studio and the Democratic aspirant, Kennedy, in an ABC studio in New York City.

On TV, the program will be shown at later hours in more distant time zones. However, radio

station networks all will carry the debate at the same time.

The candidates will appear in identical TV studio settings. A combination podium and desk will allow each man to stand or sit as he chooses. Studio lighting will be duplicated at each end of the network, and both candidates have been asked to wear the same shade of attire.

ABC, assigning more than 20 technicians to the program, calls it the most complicated telecast in TV history.

In the two previous debates the candidates have faced each other in the same studio. The first was handled by CBS from Chicago, the second by NBC in Washington.

Campaign tours prevent them from debating face-to-face this time.

The moderator will be ABC news commentator Bill Shadel. Members of the panel will be Roscoe Drummond, New York Herald Tribune; Douglas S. Cater, "Reporter" magazine; Charles Van Fremd, Washington correspondent for CBS news; and Frank McGee, NBC news correspondent. Shadel and the panelists will be in the West Coast studio.

The last of the four debates is set for Oct. 21.

But the three networks have offered TV time for a fifth debate the week before the November 8 election.

Kennedy and Nixon have not as yet agreed on this proposal.

WPIX-TV, New York, and Wgn-TV, Chicago on Wednesday offered free time for a face-to-face debate between the vice-presidential candidates, Democrat Sen. Lyndon B. Johnson and Republican Henry Cabot Lodge.

The stations suggested the pair meet in New York Oct. 19, or in Chicago about Oct. 22, adding that the one-hour program would be made available to other T. stations wishing to carry it.

Young Seaman Given Asylum In America

NE WYORK (AP)—The Estonian seaman who jumped ship from Soviet Premier Khrushchev's liner Baltika has been granted political asylum and turned loose to make a new life for himself in the United States.

The defector, Victor Jaanimets, 29, was in seclusion today thinking things out.

John Richardson Jr., president of the International Rescue Committee, said: "For a few days, Mr. Jaanimets, in accordance with his own wishes, will have time to rest without being disturbed and to consider his future, to choose his home and to take advantage of job opportunities, and to begin to become an independent American citizen."

Jaanimets apparently will have no difficulty in finding a home and a job as a machinist—his choice. Offers are pouring in to the International Rescue Committee and to the Immigration and Naturalization Service.

Federal officials slashed through tape to give the seaman the freedom he sought when he went AWOL from the Baltika while on shore leave Monday.

P. A. Esperdy, district director of the immigration service, announced late Wednesday that the seaman had been cleared as a "bona fide political refugee."

Goes Home To Face Music Tonight

Khrushchev's Blunders at U.N. Were Nothing Short of Awesome

By WILLIAM L. RYAN Associated Press News Analyst UNITED NATIONS, N.Y. (AP)—Premier Khrushchev's mistakes at this bewildering session of the U.N. General Assembly have been nothing short of awesome.

His performance may even cause him trouble when he gets back to Moscow. He's had to face the music before for past mistakes, although he has managed to stay on top.

Leaving tonight, Khrushchev is nursing painful wounds sustained in the verbal battles which culminated Wednesday night in a spectacle that left delegates stunned and bewildered.

Khrushchev may still consider that he made some gains. But the consensus at the United Nations is that Soviet policy has had a costly setback, and that Khrushchev himself contributed liberally to it.

A diplomatic struggle is not like

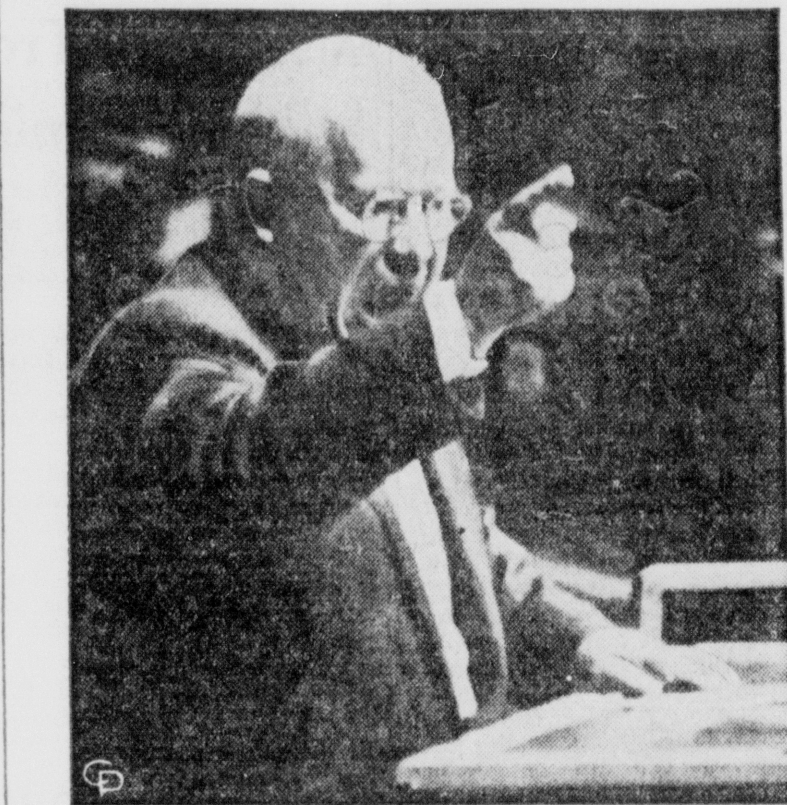

a football game. There is no clear-cut score to distinguish winner from loser. Khrushchev's success or failure depends in many instances on the point of view.

But one of his main purposes in coming to New York was to make a strong bid for the goodwill and respect of African nations and of other uncommitted countries. He blew his chance finally Wednesday night with his shoe-waving, shouting performance which led to the climactic adjournment of the wildest session in U.N. history.

One African, representative of those Khrushchev was trying most to impress with his professed intention to end all colonialism, sardonically commented that he was glad to soak up atmosphere in "such an august assembly."

No matter how the vote goes today on Khrushchev's proposal,

Pirates Win World Series In Dramatic 10-9 Finish

YOU WILL DIE! — Soviet Premier Khrushchev, in a ranting disarmament address, tells U.N. delegates that if there is another war they will die, and "Do you gentlemen want an arms race? All right, we will give it to you."

Coliseum To Be Altered For Expanded Logan Pageant

The Pickaway County Fairgrounds Coliseum will soon experience a facelift as final plans go into effect for the Pickaway County Sesquicentennial Historical Pageant, "Logan, Chief of the Mingoes" November 1 and 2.

A structural steel framework 12 by 100 feet will be constructed in three sections to serve as both a scenery backing and a front curtain. Each section will be constructed so that it may be moved 50 feet in a few seconds. The center section which will be 50 feet long, will completely revolve to serve a dual purpose.

A 400 foot canvas, sawdust,

and dirt roadbed will be laid over the existing concrete and tile floor so that horse drawn rigs may be brought to the staging area with greater ease and safety.

A large working crew will change the coliseum from a fair display area into a: British Governor's Mansion, Indian Village, Battle Grounds, Settlement, Waggon Train Trail, Blacksmith Shop, and the famous Logan Elm Site; all for the re-creation of the fabulous history of Pickaway County.

Humans are not the only featured participants in the Pageant. A very famous three-yoke oxen hitch which just recently was featured in a Western Pilgrimage will make an appearance before the footlights along with numerous teams, riding horses, cats, dogs, and burrow.

THE meeting for assignment of parts has not yet come about, however it has been decided to enlarge the size of the cast thus making it possible for persons who will not get to register on October 10, to have another chance on Monday, October 17, at 7:30 p. m. at the Fairgrounds Coliseum.

No speaking parts have to be memorized since all action is pantomimed to taped script. Persons interested in participating in this pageant are urged not to forget this final registration date of October 17.

Additional persons who have been appointed township and area chairmen of the Arrangements Committee, Pageant Division, are: Mrs. Harvey Seitz, Walnut Twp.; Sharon Sharrett, Pickaway Twp.; Martha Huston, Jackson Twp.; Mrs. Rexford Hall Jr., Scioto Twp.; Mrs. Lloyd Brigner, Muhlenberg Twp.; Don Rolfe, Monroe Twp.; Mrs. Robert Barnes, Circleville; and Mrs. Dale

Castro Regime Imposes Death On Insurgents

HAVANA (AP) — A young American adventurer and 12 Cubans were executed today for plotting to overthrow Prime Minister Fidel Castro.

The American, first to be executed by the Castro regime, was Anthony Zarba of Somerville, Mass. He went before a firing squad in Santiago with seven Cuban companions. Havana radio stations reported five other Cubans were executed in Santa Clara.

Zarba and his companions had been convicted only hours before by a revolutionary military court of staging a Castro-style invasion to set up a guerrilla front in Cuba.

The eight prisoners were led before four different firing squads near Santiago, two at a time. The reports of the first rifles crackled down the San Juan Valley firing range at 4:50 a.m.

Havana radio stations said another firing squad in the provincial capital of Santa Clara, in central Cuba, executed five insurgents captured in the Escambray Mountains. Two were reported to have been rebel leaders.

Radio VOZ in Havana said the firing squads were composed of militiamen. The duty officer at Santa Clara military headquarters said he had no immediate information on executions there, but the government-controlled stations usually are well informed.

Zarba, a 27-year-old adventurer who landed on the northeast coast of Cuba with a small party of invaders last week, was the first U.S. citizen to die before a Castro firing squad. Another American, Alan Robert Nye of Whiting, Ind., was given a death sentence last year for plotting to kill Castro, but the sentence was suspended

John L. May To Celebrate Centennial

John L. May, Walnut Twp., will celebrate his 100th birthday tonight with a family dinner at the Wardell Party Home.

The 100-year-old Walnut Twp. farmer was born October 13, 1860, the son of Mr. and Mrs. George May. His place of birth adjoins the present 175-acre May farm, Route 4, near Ringgold. His family moved into the home, where he now lives, when he was 15 years old and he has lived there since.

In his 100 years May has never had a serious illness. He continues to sleep on the second floor of his eight-room farmhouse, climbing 17 steps to his bedroom every evening.

May continues to smoke a cigar whenever he wants and is very active about the house. Two weeks ago he attended morning services at the First Methodist Church in Circleville and plans to attend an Elk's meeting next week. He has been a member of the Elks Lodge since 1880.

The honored guest at the dinner tonight served as State Representative from Pickaway County 1922-27; was Walnut Twp. Constable when he was 21 years old, 1881-1889, and has been very active in the Pickaway Dairy Co.

HE IS the father of four sons: Walter, Alva, Ralph and Virgil, who died recently after a lengthy illness. He has one brother, Lyman May, 86, also of Walnut Twp.

May says his longevity is due to a good, clean farm life full of long hours of work, fresh air and sunshine.

How did he fare?

He took a beating when he failed to convince the non-Communist world that it should get rid of the secretary-general's office. He lost in failing to stop discussion of Communist suppression in Hungary and Tibet. He lost in failing to send the disarmament issue to the full Assembly for debate. On that one, he was hurting badly. He had staked much on an impressive vote for the Soviet point of view, even if it might lose. It lost overwhelmingly.

Mazeroski Homer Tells Tale in 9th

PITTSBURGH (AP)—Bill Mazeroski's home run in the ninth inning today gave the Pittsburgh Pirates a sensational 10-9 victory over the New York Yankees and their first World Series championship in 35 years.

Here is the play by play:

FIRST INNING  
YANKS — Bobbypens were active before a pitch was thrown. Richardson lined Law's first pitch to Groat. Kubek popped to Mazeroski behind first base. Maris fouled to Hoak.

PIRATES—Virdon flied to Berra. Kubek caught Groat's high popup. Skinner walked. Nelson hit a home run into the lower right field stands, a drive of about 360 feet, scoring Skinner ahead of him and putting the Pirates into a 2-0 lead. It was Pittsburgh's first home run since the opening game of the series. Clemente popped to Richardson behind second base.

SECOND INNING  
YANKS—Mantle flied to Virdon in right center. Hoak made a diving stop of Berra's grounder and threw out the runner from a kneeling position. Goat tossed out Skowron.

PIRATES—Burgess singled inside the first base line. Bill Stafford replaced Turkey on the mound. Hoak walked on four pitches. Mazeroski bunted down the third base line and beat Stafford's off-balance throw or an infield single filling the bases. Law hit a one-bouncer back to the box and Stafford started a double play via home plate, the pitcher to catcher Blanchard to Skowron at first. Virdon drove a long single to right center scoring Hoak and Mazeroski, increasing the Pirates lead to 4-0. Virdon took second when Maris fumbled the ball. Boyer threw out Groat.

THIRD INNING  
YANKS—Law tossed out Blanchard. Boyer popped to Mazeroski. Hector Lopez, a right-handed hitter, batted for Stafford and singled between third and short into left field. It was the Yankees' first hit. Richardson flied to Skinner.

PIRATES—Shantz went to the mound for the Yankees. Skinner grounded out, Skowron to Shantz, covering first. Nelson walked. Clemente grounded into a double play, Richardson to Kubek to Skowron.

FOURTH INNING  
YANKS — Kubek popped to Groat. Maris drove a long liner to Clemente. Mantle singled to right. Berra flied to Clemente.

PIRATES — Richardson tossed out Burgess. Richardson also threw out Hoak. Mazeroski popped to Kubek.

FIFTH INNING  
YANKS—Skowron hit a home run into the lower right field stands just inside the foul line to narrow Pittsburgh's lead to 4-1. Blanchard flied to Virdon. Boyer lined to Mazeroski. Shantz popped to Nelson.

PIRATES — Boyer made a gloved hand stop of Laws hard smash to his left and threw him out. Richardson threw out Virdon. Shantz caught Groat's smash.

SIXTH INNING  
YANKS — Richardson singled into short center. Kubek walked. That was all for Law and he was replaced by Roy Face. Maris fouled to Hoak. Mantle singled, Richardson scoring and Kubek reaching third. Berra walked a home run into the upper deck in right field, scoring Kubek and Mantle ahead of him to put the Yankees in front 5-4. Skowron fouled to Hoak. Blanchard bounced out to Nelson, unassisted.

PIRATES — Skinner flied to Maris. Nelson bounced to Skowron who flipped to Shantz, covering first. Shantz threw out Clemente.

SEVENTH INNING  
YANKS—Boyer flied to Virdon in left center. Shantz got a single on a high chopper that bounced over Hoak's head into left field. Richardson forced Shantz, Hoak to Mazeroski. Kubek lined to Clemente.

PIRATES—The paid attendance was 36,683. Burgess lined a single over second base and Joe Chris-

topher ran for him. Hoak lined to Berra in left. Mazeroski hit to Kubek who threw to Richardson, forcing Christopher and Richardson's relay to Skowron doubled up Mazeroski.

EIGHTH INNING  
YANKS—Hal Smith went in to catch for the Pirates. Face speared Maris's high bouncer to the right of the mound and threw him out. Mantle lined to Groat. Berra walked. Skowron was credited with an infield single on a high bouncer to Hoak whose throw to Mazeroski at second was too late to force Berra. It was Skowron's 12th hit of the series tying the record held by many. Blanchard looped a single into short right center scoring Berra and sending Skowron to third. The Yankees led, 6-4. Boyer lined a double into the left field corner scoring Skowron and sending Blanchard to third. Shantz flied to Clemente.

PIRATES—Gino Cimoli, a right-hander, batted for Face and punched a single into short right center. Virdon was credited with an infield single when his sharp grounder took a bad hop and hit Kubek in the mouth. Cimoli stopping at second. Kubek was knocked to the ground and left the field. Demaestri replaced him at short. Groat lined a single past Boyer into left field scoring Cimoli to narrow New York's lead to 7-5. Virdon stopping at second. Jim Coates replaced Shantz on the mound. Skinner laid down a sacrifice bunt and was thrown out. Boyer to Skowron. Nelson flied to Maris in medium right and Virdon held third on the right fielder's perfect no-bounce throw to the plate. Stengel came out to give a few words of advice to Coates after Clemente fouled off the first pitch. Clemente beat out a slow chopper to Skowron wide of first, scoring Virdon to cut the Yankees lead to 7-6. Groat advancing to third. Pitcher Coates was late covering the bag and Skowron had to hold the ball. Smith hit a home run over the left field wall scoring Groat and Clemente to put the Pirates in front 9-7. The drive, well over 400 feet cleared the ivy colored wall with plenty to spare. Terry replaced Coates. Hoak flied to Berra.

NINTH INNING  
YANKS — Friend came in to pitch for the Pirates. Richardson singled. Dale Long, a left handed hitter, batted for Demaestri. The report is that Kubek was hit on the larynx resulting in internal bleeding and was taken to a hospital. Long lined a single to right, Richardson stopping at second. That was all for Friend who made only 4 pitches, when he was replaced by southpaw Harvey Haddix. Maris took a ball, then lifted a high foul to Smith in back of the plate. Mantle, switching to right-handed stance, lined the second pitch to right center for a single, scoring Richardson and sending Long to third. Gil McDougald ran for Long. Nelson grabbed Berra's sharp grounder inside first base, stepped on the bag to retire Berra but Mantle regained first base evading Nelson's tag with a beautiful headlong slide. McDougald came home on the play to tie the score 9-9. Nelson after touching first base to retire Berra had to tag Mantle since he had taken the force off. Skowron forced Mantle, Groat to Mazeroski.

PIRATES — Mazeroski hit Terry's second pitch over the left field wall for a home run to give the Pirates a 10-9 victory and the world championship.

## High Court Denies Appeal Of 70 Dayton Home Owners

COLUMBUS, Ohio (AP)—Ohio Supreme Court today let stand decisions denying John Schons and about 70 other Dayton property owners an injunction against construction of a union headquarters on land in their area zones for residence.

The action was against the 2,800-member Local 768, International Union of Electrical Radio and Machine Workers, and the 768 Recreation Association.

The high court refused to review an appeal by Edward O. Lamb of Toledo in an attempt to quash service in a \$600,000 suit for attorney fees in connection with renewal of a lease for a

television station in Erie, Pa. Russell M. Brown, Washington attorney, sued in Lamb's home county of Lucas and named Dispatch, Inc., owner of the station headed by Lamb, as defendant.

Brown's petition alleged that renewal of the license turned on charges before the federal communications commission that Lamb had close association with the Communist party over a long period.

Common Pleas Court granted Lamb's motion to quash but an appellate court reversed and returned the case for further proceedings and Lamb appealed.

Let stand a state sales tax assessment of \$7,213, affirmed by Summit County Appellate Court, against Poston Equipment Rental Corp. for machinery leased to firms working on a gas line under contract with Dayton Power and Light Co., a public utility.

Agreed to consider an appeal by State Foundry Co. from a Summit County Common Pleas judgment of \$2,769 in favor of Wilbur M. Priestner who claimed he was fired in 1959 as general manager of the foundry division without 90 days notice under an employment agreement. The firm denied an agreement to pay Priestner \$12,000 a year plus 10 per cent of net profits of the division. The trial court awarded the 90-day payment

but ordered trial for the balance sought. An appellate court dismissed an appeal on grounds it was not taken from a final order.

Refused to review Stark County decisions dismissing a damage suit by H. S. Powell against the New York Central Railroad because the action was filed a day after the two-year deadline which fell on Veterans Day, a holiday when the court clerk's office was closed. Powell was injured in the collision of his car and a train at a crossing Nov. 11, 1955.

Refused to review an appeal by trustees of the Canton firemen's relief and pension fund from an appellate court decision granting Stewart D. Pendleton, fireman for 21 years, \$290 a month for disability. The appellate court reversed a trial court decision allowing only \$125 a month based on 1947 rules that were changed in 1949 for fund members.

Agreed to review refusal of Stark County courts to award damages to Claude Spradlin for a heart attack he blamed on improper ventilation in Canton Memorial Auditorium during micro-midjet auto races in 1957. Spradlin sued the City of Canton and Midwest Association for Race Cars, Inc. The trial court said he lacked a cause of action against the city. The appellate court dismissed his appeal for failure first to request a new trial.

Agreed to rule on reversal of contempt of court convictions for Steelworkers Union Local 5760 and top officers after Monroe County Sheriff Homer W. Antill said pickets prevented him from taking possession of 10 trucks last year at the struck plant of Olin-Mathison Chemical Corp., Clarington.

Police said thieves stole 10 mahogany-finished elevator doors, weighing 200 pounds apiece, from the St. Thomas Hospital grounds.

## Drivers Arrested By Patrolmen

Disposition was reached on four traffic cases in Circleville Municipal Court today.

Thomas C. Lyle, 18, Columbus, was fined \$25 and costs for speeding at 75 miles per hour in a 50 mile zone.

Carl E. Scarberry, 33, Cleveland, paid \$20 and costs for speeding at 70 miles per hour in a 50 mile zone.

Allen E. Myers, 40, Columbus, was fined \$15 and costs for speeding at 65 miles per hour in a 50 mile zone.

Lloyd Johnson, 27, Route 1, Chillicothe, was fined \$30 and costs for no operator's license. The fine was suspended.

The drivers were arrested by the State Highway Patrol.

## Money Removed, Billfold Replaced

Dorothy Wilson, 417 E. Ohio St., told police this week that \$80 was taken from a billfold at her home.

She said the money was taken from the billfold which was under a sink. She said the wallet was placed back under the sink after the money was taken.

Patrolmen Donald Adams and Dixie Watters investigated.

and he was expelled from the country. The U.S. embassy appealed to Castro's government Wednesday night for a stay of execution and clemency for Zarba, but this apparently was ignored.

MIAMI, Fla. (AP)—A sister of Anthony Zarba, American who fell today before one of Fidel Castro's firing squads, telephoned The Associated Press to ask how to get his body. "I just don't know what to do," sobbed Virginia McCrocklin of Miami.

Earlier, when a newsman called Mrs. McCrocklin after receiving news of her brother's execution, she broke down and asked to be excused from making any comment.

Dennis McCrocklin, brother-in-law of Zarba, had said earlier he didn't believe the Cubans would carry out the death sentence.

At Burlington, Mass., Zarba was described by a brother, Salvatore, as "a happy-go-lucky guy who liked excitement."

He said his brother had been living in Miami with his wife, Mary Ann, and a daughter, Susan, 4.

## Atlas Missile Carries 3 Mice On 700 Mile Trip into Space

CAPE CANAVERAL, Fla. (AP)—Three mice named Sally, Amy and Moe rocketed 700 miles into space today and the Atlas nose cone they rode in was recovered from the South Atlantic, 5,000 miles away. It was not known immediately whether the mice survived.

The Air Force announced the Atlas successfully delivered the 1½-ton cone to an intended impact area north of Ascension Island. The announcement said the ocean range vessel Coastal Crusader fished the cone from the sea.

It reported "the condition of the three mice will not be determined until a representative of the Air Force Ballistic Missile Division and of the School of Aviation Medicine opens the life cell, which contains a stored oxygen system."

The representatives were aboard the recovery ship, but there was no indication how long it would be before they would open the chamber containing the mice.

The black mice made the radiation ride in a miniature model of a man-in-space cabin. The experiment, which took the small trav-

elers into the dangerous Van Allen radiation belt at speeds up to 18,000 miles an hour, was another step toward manned space travel.

The 12-foot tall cone also carried a group of radiation study instruments.

The Atlas roared away from this test center at 4:35 a.m. (EST). The cone plunked on target 25 minutes later and within 20 minutes was sighted by the Coastal Crusader.

The ship plunked alongside the cone at 5:32 a.m. Skindivers attached cables to the space package, which was kept afloat by a balloon-like device that popped out of the cone and inflated. The delicate job of hoisting the cone aboard was completed at 8:09 a.m. The cone was reported in good condition.

Panel Eyes Disarmament

With the departure from Washington of the peripatetic Harold Stassen several years ago, the concept of a federal office of disarmament was packed away in mothballs. It seemed rather silly, after all, to attempt to prepare the United States for an arms reduction the Soviet Union was not the least bit interested in.

Russia is as adamantly opposed to insured proposals for world disarmament as ever. But despite Soviet obstinance, Western members of the world arms circle reveal a growing obsession that they must take the initiative toward disarmament if the stalemate is to be broken.

In keeping with its role as defender of the peace, the United States has begun to assemble the machinery needed to set up a disarmament commission. A new body, the Disarmament Administration, has been appointed by President Eisenhower to coordinate all the defense agencies of government in contributions to a future condemnation of warfare.

Experts from the Defense Department, the Atomic Energy Commission, the State Department and any other agency of government directly concerned with the conduct of the communist world—and thus in a position to advise on significant areas

of possible progress—will be called upon by the new peace agency.

What form the disarmament agency will take and what importance it will have in the federal structure will depend largely upon its reception by Congress. Many failures have littered the trial before it, and the Disarmament Administration cannot be expected to bring about miracles.

Even meager success on its part cannot be forthcoming without a reversal of the Soviet attitude toward peace. But an honest effort at feeling its way through all possible solutions to the madness of a nuclear war should be proof to the uncommitted nations of the world of the United States determination to thwart Russian efforts at war, if humanly possible.

It may even convince the Russians that their only salvation is either a cold or hot war lies in an honest pursuit of peace.

Boredom and Cocktail Parties

NEW YORK (AP) — Remarks everybody gets tired of hearing at cocktail parties:

"We must get together again real soon."

"Honey, I did not start a conversation with that strange blonde. She came up and started talking to me. Anyway, what's so strange about her? I think she's kinda nice."

"Martinis always make me want to take off my shoes. What do they do to you?"

"I hate to say it, but I think the host is watering the bourbon again."

"My business? I'm in insurance, and since you brought the subject up, let me ask you —"

"I simply loathe cocktail parties, don't you?"

"Where have you been all my life, baby?"

"Well, to make a long story short, I three-putted that green, made the next par four hole in six, and then —"

"I forget how the punch line goes, but it's really a very funny joke."

"Some people find me a dreadful bore, but others say I'm quite lovable."

"When this shindig breaks up let's all go over to your house and keep the party going."

"I don't think existentialism is something you believe or don't believe. To me it's something you either live or don't live."

"Darling, haven't you put on a few pounds since the last time I saw you?"

"Oh, no! Don't tell me you're off on another diet! I can't stand it."

"Essentially, Proust's outlook on life is tragicomic, a sort of devil-may-care Puritanism distorted by his lack of faith in bourgeois gods. Would you bring me another of those, please?"

"I may forget a name but I never forget a face."

"So I told the boss right to his face, J.P., this company isn't oig enough for the both of us, so..."

"Yeah, I had the 24-hour virus, too, but in my case it only lasted 23 hours. My doctor thought may-

Papers Miss the Real Story

Khrushchev has captured the front pages of newspapers and is holding the attention of the public on television. Thus, the candidates for President in 1960 are handicapped by this unusual interference.

The longer Khrushchev stays here, the more difficult it becomes for the candidates who cannot postpone the election to suit Khrushchev's convenience. The Iron Curtain interferes with their publicity.

What was hoped for in this election was that the 1960 campaign would bring forth a full debate on both domestic and foreign policies. No such debate has taken place since the Hoover-Roosevelt campaign of 1932.

Vice President Nixon's proposal that the debate be postponed or postponed while the United Nations is in session has little merit. On the other hand, criticism for criticism's sake, without details, without precise data, is utterly useless.

What is needed is a fullfledged discussion of all problems, particularly those relating to foreign affairs, without slogans, cliches, or oratorical language but with an emphasis on facts and with detailed data. Less than that is not worth while.

Khrushchev's antics are not more important for Americans than the campaign for the Presidency. Who really cares that he walked down to the gate of the old Pratt estate, where he spends week-ends, to tease the newspapermen that he has a wonderful story for them, namely, that he is going to dinner? His clowning is not very amusing and would be regarded as unsavory boorishness were he not the head of the state.

But the Presidential election is always a significant event and requires full coverage. When such news is relegated to an inside page to make room for Lumumba and Nkrumah, it seems to me that news values are out of balance.

Perhaps it would be smart to take Khrushchev out of the news during the month of October or to put him in the sports section of a newspaper so that there is sufficient coverage of the Presidential campaign on the front pages where such news belongs.

Try and Stop Me

By BENNETT CERF

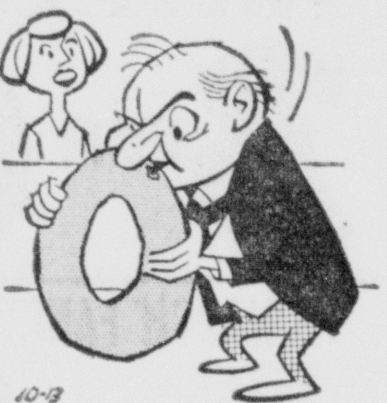

A HIGHLIGHT in the long run of TV's "I've Got a Secret" came when a very fat contestant appeared with a claim that he could blow up an inner tube of an automobile tire, using only lung power, until it exploded. He proved his point, too. The explosion knocked Panelist Audrey Meadows off her chair, and sent the successful contestant flying straight out of camera range.

Another aspirant showed the panel about seven miles of string, all knotted together. "Is collecting string your great secret?" scoffed Panelist Henry Morgan. "Oh, no," chuckled the string-fancier. "That's just the work I do. My secret is, I collect lead pencils."

A Japanese applied to Victor Borge for the job of secretary. "I speak nine languages," he announced, "and I charge \$18 a day."

"I'll only need three languages," countered Borge, "so I'll pay you \$6." At last reports, negotiations still were in progress.

The World Today

By James Marlow

WASHINGTON (AP)—The presidential candidates are blowing up a storm over what each would do about two small island—Quemoy and Matsu—off the Red China coast.

Should they or shouldn't they be left out of the area which this country would defend against the Red Chinese? Sen. John F. Kennedy says yes—in order to avoid being dragged into a war over them. Vice President Richard M. Nixon says no—but he didn't say he'd go to war to defend them.

The islands became a campaign issue last week in the Nixon-Kennedy TV debate. Those islands, close to the China mainland, are claimed by Chiang Kai-shek's Nationalist government on Formosa which is 110 miles from the mainland.

But the Red Chinese on the mainland claim them, too. Chiang keeps a lot of his troops on them. The Reds have been bombarding them for years. Sooner or later, as Red China gets stronger, it will probably try to take them by invasion.

This country, by treaty with Chiang, is bound to defend Formosa from Red attack. It is not bound to defend Quemoy and Matsu. And President Eisenhower has always avoided saying this country would go to war to defend them.

But, on the other hand, he has never said this country wouldn't go to war to defend them. This apparently has been intended to keep the Red Chinese guessing on what they could expect if they did attack.

Whether or not the islands would be defended has always been tied to this question which has never been publicly or fully answered: Are they really necessary to the defense of Formosa itself?

Kennedy said that as president he would try to persuade Chiang to pull his forces back from the offshore islands. Why? Because, he said, he sees no sense in this country's being dragged into a war over two islands which are "not strategically defensible."

But he said: He would not let

the Red Chinese force the evacuation of the islands under the threat of force.

Nixon conceded the two islands are unimportant—he even said the few people who live on them "are not too important"—but he said he wouldn't let the Red Chinese have them. Why? He said it is a matter of "principle."

Kennedy was actually echoing the views of some other Democrats in past years. Nixon was echoing Eisenhower, even to the extent of using some of the same words the President has used in the past.

Wednesday night Kennedy accused Nixon of being "trigger-happy in insisting upon holding on to those 'unimportant...indispensable' islands."

Wednesday night Nixon likened Kennedy's willingness to give them up to the Western allies' concessions at Munich before World War II.

Here's a little background: After the Red Chinese drove Chiang from the mainland in 1949 he fled to Formosa with his forces. This country had little interest in Chiang or Formosa at the time.

President Truman even announced this country would not attempt to defend Formosa or Chiang from Red attack. And American military leaders didn't consider even Formosa essential to this country's defenses in the Pacific.

This attitude changed when the Korean War started. Ever since, the United States has made defense of Formosa a prime policy.

But Chiang claimed more than just Formosa.

He claimed the Pescadores Islands, which are close to Formosa, plus a string of islands which, lying close to the mainland, were more than 100 miles from Formosa. These included Quemoy and Matsu and 100 miles up the coast, the island of Ichang and the Tachen Islands.

In 1955 the Reds captured Ichang and this government persuaded Chiang to abandon the Tachens because they were not essential to Formosa's defense. At that time Eisenhower didn't mention any principle being involved in letting the Reds have Ichang and the Tachens.

Later, however, he said the American people would stand by a "principle" in not letting Quemoy and Matsu go. Secretary of State John Foster Dulles said they might be important in the defense of Formosa. He didn't, however, say they were.

This country, meanwhile, signed a defense pact with Chiang, pledging to defend Formosa and the Pescadores. There was no pledge to defend Quemoy and Matsu. But the door was left open on this by saying this country would also defend other "territories" it considered necessary.

Dulles said he thought surrendering the islands to Red China would not aid the cause of peace. Still, through the years the Eisenhower administration has avoided saying it would defend Quemoy and Matsu unless they were considered necessary to Formosa's protection.

Views on Television - Radio

NEW YORK (AP)—A good, taut police action series, "Naked City," dropped out of the television lineup after the 1958 season. It made a comeback on ABC Wednesday night, expanded to an hour, and better than ever.

The first episode was about a rogue cop pulling off a box office holdup in a fight arena. It was fast moving, exciting and well acted. Much of the show was filmed in New York City locations.

There was violence—a lot of it—but not a gun was fired nor a blow struck merely for violence's sake. The story developed logically as police officers focused their attention on one of their own. Paul Burke and Horace McMahon are the regulars. It was a good show, up to the standards of "The Untouchables."

I'd like to make as glowing a report on NBC's new "Peter Loves Mary," but honesty forbids it. It is one of those quasi-biographical situation comedies and it lured Peter Lind Hayes and Mary

Healy, a talented and charming couple, into the treacherous-mine fields of the series.

Maybe subsequent shows will improve and the first episode was merely an effort to get the situation and the characters established in the viewers minds if not their hearts.

Perry Como had an off evening, too, although the star was in good voice. Sid Caesar was the guest star, and although he was there first with a spoof on "The Big Debate," the comedian kept safely away from any dangerous satirical areas and mostly made funny faces.

## Catholic, Protestant Clergy Exchange Views in New Book

By JULES LOH  
NEW YORK (AP)—Serious advocates of the ever-growing dialogue between the great faiths of America demand one exacting test of the other's sincerity: Conversation, rather than conversion, must be the immediate goal.

Two publishers have passed the test admirably with new offerings which deserve close attention by persons interested in the religious problems of a pluralistic society.

"An American Dialogue," by Robert McAfee Brown and Gustave Weigel, S. J. (Doubleday & Co., Inc.) brings together candid discussions of Protestantism and Catholicism by two brilliant spokesmen for the two religious groups—but not in the usual way.

Father Weigel, a noted Jesuit author, lecturer and theologian, gives his views of Protestantism. Dr. Brown, author and professor of systematic theology at Union Theological Seminary, takes a Protestant look at Catholicism.

The approach of each is not limited to his critical appraisal of the other's faith. Both recognize shortcomings in views frequently taken by members of their own groups, and politely chide their followers for them.

"How are Catholics to react," asks Presbyterian Dr. Brown, "when they are pilloried on such charges as these: The church insists that everybody believe the same things (nobody can question the dogmas); the church has too many conflicting opinions (whom are we to believe about the relationship of church and state?)."

"The church is basically a political entity (American cardinals who vote for a Pope should be deprived of citizenship and forced to register as aliens); the church is not a political entity at all (therefore we should not send an ambassador to the Vatican)."

"Now I submit to my fellow Protestants," Dr. Brown writes, "that they cannot have it both ways."

On the other hand Catholics learn, from a respected priest, that contrary to what many of them think Protestants do not "feel free to believe anything they please."

They learn that Protestantism entails the belief, deserving of Catholic respect, that man can

and does "encounter God immediately."

Father Weigel also notes "moments when the Catholic envies the Protestant's modernity," and points out that "in the Catholic Church there is always a suspicion of current time. Catholicism adjusts slowly to any given age."

"Facing Protestant - Roman Catholic Tensions" (Association Press) takes a somewhat different approach to the dialogue.

The book is a collection of writings by 13 Protestant and Catholic authorities who deal with specific issues as well as general subjects on which the two religious bodies are divided.

**ROBBERY SCENE** — Here is the Scioto Bank of Commercial Point which was robbed by two unidentified gunmen at about noon Tuesday. The men, both dressed in suits and ties, entered the front door and confronted Miller Beckett, 77-year-old cashier, and Mrs. Frank Kauffeld, assistant cashier. ## Sheriff Seeks New Clues in Bank Robbery

No new clues have been uncovered concerning the bank robbery Tuesday at the Scioto Bank in Commercial Point.

The Pickaway County Sheriff's Department continued its investigation today, but deputies said they had no new evidence to go on.

Two unidentified gunmen made off with \$5,515.47. The bank, suffering its second holdup since 1958, was manned by Miller Beckett and Mrs. Frank Kauffeld at the time of the robbery.

The sheriff's department uncovered its best clue in the afternoon of the day of the robbery when a black 1957 Chevrolet which had been stolen in Columbus was recovered near Lockbourne. Witnesses in Commercial Point said it resembled the auto used by the two men who entered the bank.

BECKETT and Mrs. Kauffeld said both men were well-dressed. They said they wore suits and ties and had on sun glasses.

Deputy Homer Adams spent most of yesterday in Commercial Point pressing the investigation and searching for new clues.

Deputies and FBI agents questioned two men here Tuesday night, but later released them. A Columbus man held yesterday for interrogation also was released.

## Dear Abby...

By Abigail VanBuren

## You've Got It!

DEAR ABBY: Last December  
my employer proposed to me. I  
accepted but no ring was offered.  
He said he couldn't afford it. (I  
keep his books and if he can't  
afford it, nobody can.) This morn-  
ing a small parcel arrived at the  
office, addressed to him and in-  
sured for \$12. I put it on his desk.  
He told me it was a set of rings  
he ordered from a mail order  
catalogue and I should open it  
"when I had time."

I don't know if this is his idea  
of a joke, but I didn't open it and  
don't consider myself officially en-  
gaged. How would you handle  
this?

NOT AMUSED

DEAR NOT: If you accepted  
his proposal, you're engaged —  
ring or no ring. And if you in-  
tend to marry this joker, you'd  
better develop a sense of humor.

DEAR ABBY: You may be an  
expert on the birds and bees but  
you sure don't know anything  
about fruit. When fruit is washed  
before it is put into the refrig-  
erator, it spoils more quickly.

FARMER'S WIFE

DEAR WIFE: Not according to  
the Agricultural Department of  
the U. of California. If fruit is  
carefully dried, it may be washed  
before storing in the refrigerator.  
Only one exception — and that's  
the berries!

DEAR ABBY: Tell OLDEST  
DAUGHTER to quit feeling sorry  
for herself. If any child has the  
right to sing the blues, it's the  
middle child. I am three years  
younger than my sister, who is  
the oldest. When we were young  
I had to do all the pots and pans  
because her hands had to look  
nice for her dates. I never got  
new clothes because Mom could  
make over Sister's hand-me-  
downs. I got blamed for the fights  
with my younger brother because

I was "older" and should know  
better. I had to take him every-  
where I went because he wasn't  
old enough to go alone, and he  
was too young to stay by himself.  
This all happened 52 years ago,  
but I remember it well. And when  
Dad's will was read — everything  
was divided equally among the  
three children.

MIDDLE CHILD

DEAR ABBY: My problem is an  
old-fashioned grandmother. When  
she saw my boy friend with his  
head in my lap she hit the ceiling.  
She said it was the most unlady-  
like thing she'd seen in years and  
that my mother was out of her  
mind for permitting it.  
I told her I would write to you  
and see what you said.  
What's wrong with a boy resting  
his head in a girl's lap? I'm 16.  
He is 17.

JUDY

DEAR JUDY: Nothing is wrong  
with it, but you chose a poor set-  
ting. Young people would be wise  
to skip the affectionate poses in  
front of the older generation.

CONFIDENTIAL TO "S.O.S.":  
Every problem has a solution—  
even if it's only learning to live  
with it. I cannot answer you in the  
paper. Please send me your name  
and address.

## East, West Divided Even on U.N. Role

By WILLIAM L. RYAN  
Associated Press News Analyst  
UNITED NATIONS, N.Y. (AP)—Premier Khrushchev's words and attitudes during his visit to the U.N. General Assembly illuminate a basic obstacle in the path toward real peace. The Communists and Western parliamentary democracies are worlds apart in their conceptions of what the United Nations should be.

Tuesday the United Nations was created for the discussion of disputes and for "solving important problems of ensuring peace."

The Soviet view apparently is this: That the United Nations can discuss and can agree, but it cannot either police or enforce agreements.

When the United Nations first came into being, Western leaders viewed it as a step toward the old dream of a parliament of man that would forever outlaw war and mass bloodshed.

Thus, the West—and particularly the English-speaking peoples—regards the United Nations as a sort of parliament whose decisions have the force of authority.

But there are no parliaments in the Communist world. Those bodies which are called parliaments can do nothing but talk, discuss and agree. Decisions are reached at the higher government levels.

How does Khrushchev view the United Nations then? He told a meeting of U.N. correspondents Friday: "This is not a parliament. It is a forum in which questions should be resolved, but in such a way as not to endanger the interests of even a single state among those that make up this forum."

The rule of the majority, which is the foundation of Western Parliamentary democracies, is a puzzle to the Russians, who have had no experience with it. Theirs is strictly a rule of the minority.

### Find No Evidence Starlings Caused Crash of Electra

BOSTON (AP)—The turboprop Electra which plunged into Boston harbor 14 seconds after take-off last week had lost power in one and possibly two port engines—but no structural defects were involved, the chairman of the House Aviation subcommittee says.

Rep. John Bell Williams, D-Miss., said his subcommittee found no reason to order other Electras grounded. The Boston crash which killed 62 persons, was the fifth involving the Lockheed Electra since the planes went into service two years ago.

He said the subcommittee, which held an 8½-hour closed-door hearing in Boston, found no conclusive evidence that birds sucked into the air intake caused the engines to fail. That is the view of Gen. E. R. Quesada, head of the Federal Aviation Agency, who testified at the hearing.

Dead starlings were found scattered over the airport runway used by the ill-fated Eastern Air Lines plane.

### State Distributes Record Gas Tax

COLUMBUS, Ohio (AP)—The biggest single distribution of gasoline tax money ever made to local governments in Ohio goes out Friday, State Auditor James A. Rhodes promised today.

The distribution, totaling \$6,248,960, will provide \$3,426,560 for city and village streets; \$1,760,000 for county highways and \$1,062,400 for township roads.

Rhodes said the total would be \$472,297 more than the state ever distributed before in one month from the gasoline tax fund. All of the increases will go to municipalities, he added.

NYC, B&O Set Deadline for Merger Study

BALTIMORE, Md. (AP) — A Feb. 1 deadline has been set for completing a merger study of the physical plants of the Baltimore and Ohio and the New York Central Railroads.

The deadline was disclosed Tuesday by Douglas Campbell, Central vice president, who was in Baltimore looking at B&O facilities. Meanwhile, Clarence E. Jackson, chief B&O engineer, and J. C. Kenefick, Central's general manager of transportation, were visiting every operation of both railroads.

The joint study which includes both operating equipment and of facilities, is aimed at determining what facilities could be dropped in the event of a merger between the two lines. Rail officials have said that as much as \$100 million might be saved by the elimination of facilities the two roads now duplicate.

Officials have estimated that similar savings of only about \$25 million would result from a merger of the B&O with the Chesapeake and Ohio Railway.

Both Central and C&O have made determined bids for control of B&O stock. But while Central President Alfred E. Perlman has said he would welcome a three-way merger between the lines, C&O has ruled out the possibility.

The B&O charged several weeks ago that the C&O was not interested in a merger, but merely wanted to control B&O stock. C&O officials denied the charge and offered to open a joint study of the economies that would result from the merger. But since then, B&O has leaned increasingly in the direction of a consolidation with Central.

Campbell said that the joint B&O-Central study group is working in teams to meet the Feb. 1 deadline.

Two Found Guilty Of Larceny by Trick

CLEVELAND (AP) — Possible one to seven year prison terms face Charles W. Gambling, 35, and James Dennis Walsh, 25, today following their conviction by a Common Pleas Court jury Wednesday of grand larceny by trick.

The jury deliberated three hours in deciding the two men were guilty of bilking an 83-year-old widow of \$6,015 in the bill they submitted to her for repair of the chimney, roof gutters and basement of her home. A contractor testified that he could have made a reasonable profit by charging \$375 for a basement waterproofing job on which the two collected \$5,200.

In 1613 the Virginia Company sold its rights to the Bermuda Islands to a London business group for about \$10,000. Now the tourist business alone in the islands is worth an estimated 25 to 30 million dollars a year.

Weekly Food Review

By THE ASSOCIATED PRESS  
Frying chickens, normally a supermarket special in the summer time, are featured by many food markets this week as parts of the nation bask in Indian summer weather.

Fryers and broilers are featured at stores in New England, the New York metropolitan area

DOWN TO 200 LBS.—Mrs. David Steel, 40, shows her new baby, born in Memphis, Tenn., after she lost 275 pounds in 27 months. Mrs. Steel, a "guinea pig" for the University of Tennessee Medical School, ate only liquids in dropping from 475 pounds to about 200.

and the Middle West. The decision to feature chickens likely stemmed from supplies running about five per cent over a year ago.

Leg of lamb also is a popular favorite this week with specials spread from New England through the Middle West to the Far West. Boneless chuck pot roast and smoked pork shoulder also are pushed in some areas, while veal also makes an infrequent appearance on the special list.

Egg prices continue to climb 2 to 4 cents a dozen in some areas, although reductions are reported in the Middle West. Extremely low prices last year led many farmers to kill off some birds which might have helped increase supplies this year.

Housewives can partially offset the egg situation by taking advantage of specials on cheese in line with the U. S. Department of Agriculture's October cheese festival.

Best buys among vegetables this week are cabbage, cauliflower, carrots, celery from nearby growing areas, lettuce, spinach, rutabagas, parsnips, medium yellow onions and potatoes. Good buys include broccoli, brussels sprouts, western celery, cucumbers, eggplant, endive, escarole, parsley, squash, peppers, mushrooms and sweet potatoes.

Fairly expensive tags are stuck on artichokes, just starting up, and green peas, which are becoming scarce.

McIntosh and Cortland apples, tokay grapes and small California oranges top the best buy list among fruits.

SCALPEL! SUTURES! THREAD!—This new surgical mask, modeled by Helen Gochis, is being demonstrated at the American College of Surgeons' Clinical Congress in San Francisco. Designed by Emil Gauthier of Rochester, Minn., the mask collects bacteria or droplets issuing from the mouth or nose of the wearer via a vacuum inlet directly in front of the wearer's mouth. A hose connected to the helmet carries the bacteria or droplets outside operating room's atmosphere.

Turnpike Income Up on Everything But Gas Stations

CLEVELAND (AP)—The Ohio Turnpike's income from its share of service station business is down slightly but all other sources of revenue show gains in the first nine months of 1960, compared with the same period a year ago.

For three-quarters of this year the toll road's service station income amounted to \$1,765,270, a report of the Ohio Turnpike Commission showed today. In nine months of 1959 it was \$1,797,574.

Tolls for nine months of this year were \$15,838,689 compared with \$14,729,021. Other gains in the nine-month period, between last year and 1960, were: Restaurants \$938,994 to \$972,042, investments \$314,440 to \$704,623 and other income \$288,454 to \$315,140.

Operating expenses also rose. In nine months of 1959 they were \$3,873,296 and in the same period this year they were \$3,911,050. But the income before debt service showed a gain from \$14,195,187 to \$15,684,714. The road earned its interest payments 1.79 times in three quarters of 1959, and 1.97 times in the same period this year.

Urges More Interest

COLUMBUS Ohio (AP) — The former superintendent of Parma Schools says business men must take more than just a casual interest in the political and civic life of their communities if this country is to maintain its prestige in the world. Dr. Carl Byers made the remarks Wednesday to delegates attending the closing session of the 72nd annual convention of the Ohio Savings and Loan League.

# Family-Size Farm Holding Own in U.S.

## Agriculture Census Indicates Marginal Acreages Decline

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The family farm is from down and out. That is the cheery word from a study of early reports from the latest tally on agriculture by the Census Bureau.

The total number of farms has dropped in the last five years giving rise to fears that the family farm—the small- and middle-sized holding—was in danger.

But reports from 23 states first to be released in the 1959 census of agriculture, show only small gains in the number of corporation-type farms with 1,000 or more acres in the last five years, and only a slight increase in the number of farms of 500 acres or more.

The decline was in the marginal farms, while middle-sized holdings have held their own and gained modestly in size.

The farmer's problems are well publicized. They include declines in total income, increases in operating costs, levelling off or declines in prices, both of farm products and arm land.

But the Department of Agriculture has some good news this week. It says crop and weather conditions in October point to a record total farm output this year.

On the reverse side of the coin, the department reports that the government has \$8.82 billion invested in price-supported surplus farm commodities on Aug. 31, higher than in the previous month or in August 1959. And it further reports that the market value of farm real estate has dropped \$300 million since March, to \$128.8 billion on July 1.

The Census Bureau estimates the United States has four million farms, a decline of 800,000 since the last tally in 1954. But 200,000 of the drop is due to a change in Census Bureau definition of what is a farm. It has eliminated the very smallest holdings, especially those with only small sales of products.

In seven eastern states the bureau finds the average size is 164 acres, in nine central states it's 267 acres, and in seven western states the average size ranch is 1,016 acres.

In the eastern states there were 857 farms with 1,000 or more acres, a gain of 24 in five years. In the central states the number was 31,530, up 3,000.

## Debbie Reynolds Steers Clear Of Campaigning for Candidates

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP) — Among the movie stars who are not campaigning for a favorite candidate this autumn is a girl named Debbie Reynolds.

It's not because she isn't asked. "My phone is ringing all the time," she said. "Friends call me up from both sides to appear for this candidate or just lend my name for that candidate. I tell them. 'Ask me to do a benefit; politics—no.'"

She explained her reasoning: "I don't object to campaigning by stars. It's fine for those who want to do it. But it's not for me. I have my own feelings about the election; I'll express them on Election Day."

"After all, we have so little privacy in this business. I like to hold onto what privacy I can."

This year, Debbie has managed to achieve a degree of private life after a couple of years in the goldfish bowl. As the hypotenuse in the Debbie-Eddie-Liz triangle, she lived under public scrutiny. But 1960 has been different.

"I've hardly worked at all," she said. "I've done half a picture—'The Pleasure of His Company,' which was interrupted by the strike and which we'll go back and finish next month. I've done my TV show. The rest of the time I've been with the children. I've been three months at the beach and I've loved it."

The only intrusion in her placid life has been the fan magazines.

She is a hot item with the flicker mags, most of them requiring a Debbie article monthly. Some of them wax quite fanciful.

Shoe tycoon Harry Karl appears to be the man for Debbie, at least on her curragt social calendar.

## East German TV Producers Flee

BERLIN (AP)—Two executives of East Germany's television service have fled to the West because their program was too successful a private West Berlin intelligence agency reports.

The trouble was that young East Germans like the bouncy musical show but overseers of the Communist youth organization did not.

The Communist youth leaders called it "decadent and uncultured."

So producer Werner Schall and editor Hans Joachim Huettneraue have turned up in the West as refugees, the Information Bureau West reported.

*The unmistakable stamp of Greatness!*

In commerce, as in art, it is rare indeed that a creation emerges so inspired in concept and so flawless in execution that it is destined, from the very beginning, for certain greatness.

And yet, it seems not too soon to say that the Cadillac car of 1961 will take its place among the most memorable of the peak achievements of the automotive craft.

Its clean, classic form introduces a new look for the world's motor cars to emulate. There's a new proportion of glass to steel . . . a new "oneness" of contour and shape . . . an entirely new relationship of interior to silhouette.

Inside, the story is equally remarkable. Here is new roominess in every dimension. Head room, seat

height, and entrance room, for example, have been notably increased with impressive results in greater comfort and luxury.

And as its beauty is . . . so its performance does—incredibly nimble and quick . . . smooth and floating . . . quiet and obedient in operation.

Cadillac's new engine is the very essence of controlled power . . . steering is feather light and sure . . . and its new ride seems to make the roadway vanish beneath the wheels.

This is one car you must see and drive for yourself. The facts are simply too numerous and too exciting to accept second hand.

It's the 1961 Cadillac—and we know you'll agree that greatness is written all over it.

Homecoming will be a special highlight of the Circleville - Hillsboro football game here Friday night.

Leading the parade of beauty will be Queen Terry Trone and her attendants, Barbara Bell and Mona Peters. The halftime show will be directed by the Circleville High School Stogie Club and the CHS Band will provide the music.

In addition to Homecoming festivities, plenty of action can be expected on the gridiron. If records mean anything, the Tigers and the Indians of Hillsboro should be about evenly matched.

Both teams will be looking for initial wins in the SCO League. Circleville has dropped successive

tests to Washington C. H. and Wilmington and Hillsboro has been bumped by Franklin Heights and Washington.

**THE** Tigers, striving to find a remedy for their inexperience problem, will bank on proven defensive ability and hope to find the means of keeping sustained marches going.

Circleville's offensive lineup probably will consist of Ends Jake Bailey and Alex Cook, Tackles Bruce Dresbach and Cleson Thomas, Guards Rupert Rudd and Danny Moffitt, Center Pat Rooney, Quarterback Bob Waple, Halfbacks Garold Dade and Phil Wing and Fullback Freddie Moore.

First line replacement duty will fall on John Williams, Leonard Ebbin, both linemen, and David Hannas, a sophomore who has been showing improvement at quarterback.

Hillsboro probably will depend greatly on the running of Wayne Murphy who has been the spark for the Indians all season.

Both Indian losses have been of the heartbreaker variety. They lost to Franklin Heights in the final minutes and led WCH, 12-8, in the first half.

The Tigers appear to be in top physical condition. Rupert Rudd missed practice yesterday, but is expected back for drills today.

**HARD** work has been the keynote this week on the eve of Homecoming. According to CHS players and coaches, they "want" this one. Other SCO games this week find Pleasant View at Franklin Heights, Greenfield at Wilmington and Washington C. H. has an open date.

## 1st Logan Elm Booster Meet Attracts 81

The Logan Elm High School Booster Club held its first meeting this week on a successful note as 81 members attended.

**Officers elected are:** Jack Smith, president; Mrs. Donald Miller, vice president; Carl Anderson, secretary; and Joseph Valentine, treasurer.

Members agreed to sponsor a doughnut booth at the Pumpkin Show. The concession will be in front of the Pennys Store on W. Main St. Persons able to work in the booth are urged to contact Mrs. Donald Miller at GR 4-3231.

A group of men decided to grade and seed the football field in order to allow the football team to play home games next season. Those desiring to help on this project are asked to contact Harry Parker or Edgar Harral.

**LANDSCAPING** and seeding of the school grounds was discussed. A committee of women will work on this project. The Logan Elm garden club has been invited to help.

The Booster Club membership fee has been set at \$1. Membership Chairman Edgar Harral urged all school patrons to obtain cards. Fees may be mailed to the high school which in turn will send membership cards.

Booster meetings will be held the second Monday of each month at 8 p. m. Members will have an opportunity to meet all high school teachers at the November 14 meeting and go on a tour of the new building.

The meeting was concluded with refreshments and a guided tour of the new building.

### Plan 'Compact' Trucks

CLEVELAND (AP)—A new line of trucks and tractors called White Compacts was announced Wednesday by the White Motor Co., which would begin here next month. J. N. Bauman, president of the company, said the cab-over-engine design of the vehicles make them shorter than the previously produced lines.

## Buckeyes Not only Fine Ohio Gridders

COLUMBUS, Ohio (AP)—Ohio States swashbuckling Buckeyes are snatching most of the headlines, but the kids on Ohio's smaller colleges are playing a lot of football, too.

Most of the coaches must be reading Woody Hayes' play book, because fullbacks are spearheading the offenses in the 14-college Ohio Conference — just as Bob Ferguson is doing for the third-ranked Buckeyes.

Ferguson has rolled for 328 yards in 52 jaunts for Ohio State, but his prodigious effort appears puny compared to that of some of the Ohio Conference greats. Steve McClellan of Wooster has gained 450 rushing, Bill (Cannonball) Cooper of Muskingum 423, Dallas Garber of Marietta 337, and Gary Allen of Otterbein 323. All are fullbacks.

In the passing department the laurels go to Otterbein's Larry Cline. He has connected on 27 of 42 tosses for 481 yards and 11 touchdowns, five of them by end Ron Jones.

Gary Trahan of Wittenberg paces the Ohio loop in total offense. The classy quarterback has carried 43 times for 210 yards, and completed 15 of 32 passes for 378 yards and three touchdowns for a 588-yard total. Otterbein's Cline is second with 516, practically all through the air.

Wooster's McClellan, the rushing leader, has counted nine touchdowns and two conversion points to lead the league in scoring with

56 points, 14 ahead of Bobo Reid of Heidelberg's Student Princes. Cooper is third with 36.

In the rugged Mid-American conference the scoring palm goes to Kent State's veteran end, Bob Gusbar, who has scored 20 of the Flashes' 30 points in two league games. Roger Kileman of Bowling Green's defending champions has 18, and Bob Jencks of Miami 16.

Millard Flemming of Marshall's Thundering Herd has ground out 214 yards rushing in 28 tries to lead that department by a country mile. His nearest foes are Ohio University's Bob Brooks, who has 166 for 33 tries, and Miami's John Moore with 165 for 27. Bobcat Bob Harrison, with 106 in 13 attempts, has the best average with 8.2 yards.

Jim Pots of Bowling Green is the Mid-American's top passer. He has connected on 18 of 30 for 228 yards and three touchdowns. His big day was against Marshall when he cashed eight of 12 for 109 yards and one score. Bowling Greens Clarence Mason, who caught five for 77 yards against the West Virginians, tops the loop in receiving with eight catches good for 108 yards. Howie Millisor of Miami has the best passing yardage, 123 on seven catches.

Ohio University, the nation's No. 1 small college team, leads the Mid-American on team offense with a 379.5-yard average, and on defense with 220.5. Bowling Green is second both ways, 335.7 on offense and 244 on defense.

## Casey Gambled; It Paid Off

### He Pitched Ford with Only Three-Day Break

PITTSBURGH (AP)—Manager Casey Stengel made the big gamble and it paid off.

He pitched Whitey Ford with only three days rest in the sixth game of the World Series and the New York Yankees won 12-0 pulling even with the Pittsburgh Pirates at three games all.

Usually Ford, a tiny, stubby southpaw almost 32 years old, gets at least four days rest. Bob Turley, winner of the second game, was ready to go and he had five days rest.

But Ford got the nod and kept the Yankees in contention.

As in the case of the other lopsided Yankee victories (10-0 and 16-3) it was a game without a turning point. The Yankees just poured it on.

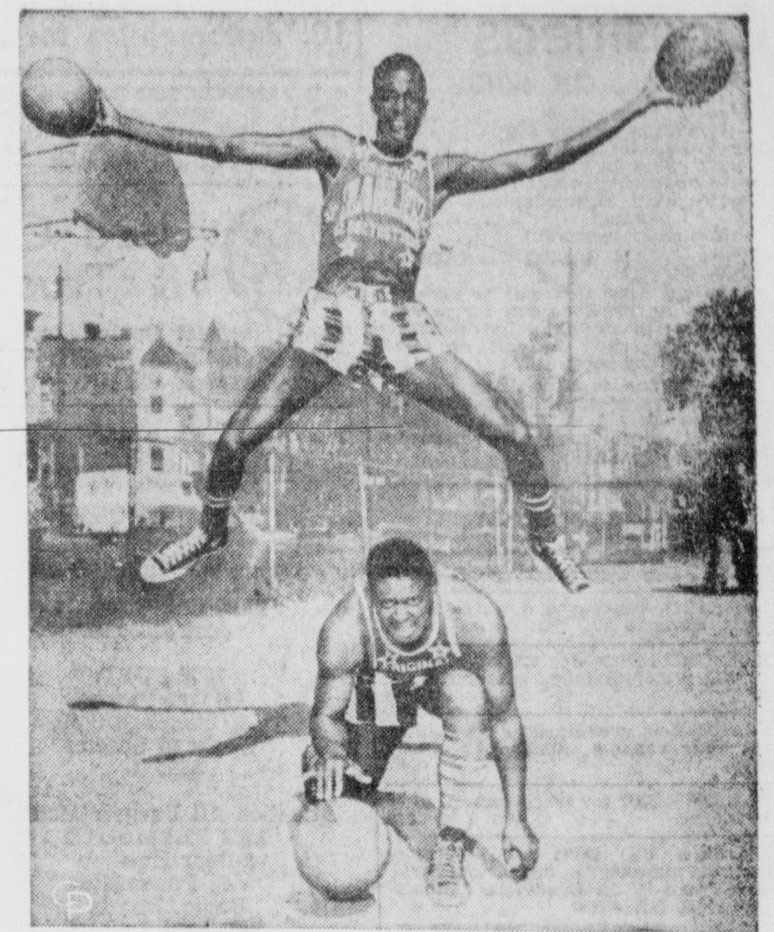

The scoring started in the second inning when Yogi Berra drew a base on balls, advanced to third on Bill Skowron's single to right, and after Elston Howard had been hit on the right hand, filling the bases, Berra came home on Whitey Fords twisting tap to the mound that Bob Friend could not field in time.

The third was the big inning for the Yankees. Tony Kubek got on base when Friend also hit him, went to third on Roger Maris' double to right, and both runners scored on Mickey Mantle's single to center. Then Berra singled to center sending Mantle to third from where he scored on Bill Skowron's fly to right.

John Blanchard, who came in to catch when Howard had to leave the game with a broken bone in his hand, singled to center and both runners scored on Bobby Richardson's booming triple to left field.

The five runs were the high water mark of the Yankee offensive.

Coach Ben Martin of the Air Force Academy says his 1960 football squad "appears to be about the same in ability as the 1959 team" which had a 5-4-1 record.

**JUST WARMING UP**—Two of the Harlem Globetrotters, famed traveling basketball team, get into vigorous shape for the upcoming season. Clarence Wilson kneels while Joe Buckhalter flies overhead in a Chicago practice session.

## Black Hawks In 1st Place

By THE ASSOCIATED PRESS

The Chicago Black Hawks were in first place in the National Hockey League today, thanks to Glenn Hall's shutout goal tending and the power of Bobby Hull, the league's defending scoring champion.

The Black Hawks blanked the winless Toronto Maple Leafs Wednesday night 3-0 for their third straight victory. They have one tie on their record—a 1-1 affair with the New York Rangers in Chicago's opening game.

Hall made 25 saves Wednesday night as Hull got one goal—his fifth in four games — and two assists. Dollard St. Laurent and Murray Balfour made the other goals.

The Hawks hold a one-point lead over the defending champion Montreal Canadiens, who edged out the New York Rangers Tuesday night.

## Bucks Schedule Light Workout

COLUMBUS, Ohio (AP)—Light work was scheduled today for Ohio State's Buckeyes in preparation for their Saturday encounter with Purdue.

## McKeever Named Lineman of Week

LOS ANGELES AP — Droll Wally Butts, Georgia's distinguished football coach, thought a moment and drawled: "Maybe we should have left him alone more than we did." The outcome was the selection of 230-pound Marlin as The Associated Press lineman of the week.

## Lackawanna, Erie Merger Set Monday

DETROIT (AP)—The merger of the Erie and Lackawanna Railroad will take place Monday as scheduled despite a temporary restraining order telling the two lines to protect the jobs and working conditions of their employees.

The order was issued Wednesday by U.S. District Court Judge Thomas P. Thornton.

Thornton said that although the merger would take place as scheduled certain provisions of it which pertain to the railroad employees would remain status quo.

He said the status quo would remain until a court can hear a petition about Nov. 15 for an injunction and go over the entire suit brought by the Brotherhood of Maintenance Way Workers.

Railway unions, through the brotherhood's petition, asked the court for the temporary restraining order until worker jobs are fully protected.
